

BROOKLYN OFFICE

To Your Honor Judge Imzany

I wanted to say regarding motions filed
the number I have filed I wanted to
make the point sincerely I as a Pro Se
defendant have not filed these frivolously
or arbitrarily I have felt compelled to
file these due to the number of
"anomalies" in this case.

Time and again the Plaintiff, Plaintiff
Attorney have made statements verbally and
in writing - these incorrect inaccurate or
utterly false - only then to characterize them
as harmless or typographical errors.

Specifically these included

1. Joe Moskus lives in Eastern Jurisdiction
of New York - I have never even been there
2. Joe Moskus / All The Glitter did business
in Eastern District of New York - spent one
whole year making the point

I have never even been there!

3. Plaintiff attorney told Magistrate Judge
he had contacted me as ordered - In truth
he never bothered to.
4. Plaintiff attorney, when told this court

on Oct 26 / 2006 I had not provided my phone
number as ordered this absolutely contradicted
his own letter of Oct 24 / 2006 in actually

listed the number he claimed I never provided.

5. In correspondence to the court of Nov 16 Attorney Klein falsely characterizes as frequent frequent meetings in Manhattan - In fact there were two - two in 2005 two lunches.

6. In the most disturbing "anomaly" the Plaintiff, Mr. Katz, in writing under penalty of perjury unequivocally stated that an invoice (memo) of \$16,700 approx from Jan 17 / 1994 that this item remained unresolved, unpaid unreturned - Indeed he himself in his own handwriting, cancelled, resolved it. There is no doubt about this!

My use of the term anomaly is euphemistic, any reasonable person, I think can see what has actually occurred. I contend these were not harmless nor were they errors.

As I said initially I'm sorry to have filed so many motions I did not mean to burden the court but given these numerous "anomalies" I felt I had to, register my objections to these numerous "inaccuracies, untruths!"

Thank You

Sincerely

Joe Mague
